 Agra, Uttar Pradesh

SUMMARY

Web Developer with expertise in front-end and back-end technologies, and 3 years of UX research experience. Proven track record of developing responsive, user-centered web solutions that enhance engagement and satisfaction. Skilled in agile methodologies and cross-functional collaboration to deliver impactful projects that align with user needs.

CORE COMPETENCIES

Responsive Web Design, App Development, User-Centered Design, Cross-Browser Compatibility, Agile Development, Problem Solving, Effective Communication, Team Collaboration

TECHNICAL SKILLS

- **Web Development:** HTML, CSS, JavaScript, jQuery, Bootstrap, Tailwind CSS
- **Back-End Technologies:** PHP, MySQL
- **Frameworks & Libraries:** React.js, React Native
- **Mobile Development:** Android, Java
- **UX Research:** 3 years of experience in conducting user research at ShareChat

WORK EXPERIENCE

UX Researcher - ShareChat:

June 2021 - July 2024

- Conducted extensive user research using tools like Google Analytics and UserTesting, resulting in a 15% improvement in user engagement across key platforms.
- Led cross-functional collaboration with product teams, implementing UX improvements that raised user satisfaction scores by 20%.
- Designed and applied research methodologies, influencing over 30 feature updates and aligning them with user preferences and business goals.

PROJECTS

StatusForYou.com

- Led the end-to-end development of StatusForYou.com, a social platform for sharing statuses.
- Created responsive front-end designs using HTML, CSS, and Bootstrap, and implemented PHP and MySQL for back-end functionality.
- Grew the user base to 500+ active users within the first six months by focusing on usability and performance optimization.
- Link: <https://statusforyou.com>

Blogging Website

- Created a full-fledged blogging platform using Node.js, Express, MongoDB & EJS.
- Integrated user authentication and post management features.
- GitHub Link: <https://github.com/ShivamRajput7/blogify>

URL Shortener

- Developed a URL shortener using Node.js, Express, MongoDB & EJS.
- Implemented a custom URL shortening algorithm and a user-friendly interface for managing links.
- GitHub Link: <https://github.com/ShivamRajput7/url-shortner>

Portfolio Website

- Designed and developed a personal portfolio to showcase projects and skills.
- Built using HTML, CSS, and JavaScript and hosted online.
- Portfolio Link: <https://shivamrajput.in>

Admin Panel for Craftico App

- Developed the admin panel for Craftico, a poster-making app.
- Built using PHP, HTML, and Tailwind CSS.
- Functionality: Create posts, create tags, create categories, and manage users.
- Admin Panel Link: <https://banner.shivamrajput.in/admin/>
- App Link: <https://play.google.com/store/apps/details?id=com.craftico.app>

Shopping App & Admin Panel

- Created a shopping app using React Native and an admin panel in PHP.
- Admin panel functionalities: Manage products, categories, orders, and users.
- Admin Panel Link: <https://apnamart.shivamrajput.in/admin/>

EDUCATION
